IMHR NSW CLINIC & FUN SHOW

HARNESS CLINIC: PETER LOTHERINGTON, GRENFELL NSW

Peter has had a lifelong involvement with horses and harness, having handled his family's draft horses from the age of four, and driving the milk delivery wagon when he was just fourteen!

For the past decade, Peter has been an ACDS member and with his faithful steed Emmett, they have driven a wagon for weddings, competed in Grenfell Show's pony trot race, a special jump and drive event, led parades, attempted the challenging 300km Gulgong drive among other long distance navigation drives, and competed in numerous combined driving events where he has won the driven dressage on several occasions. But when asked, Peter will always say his passion is pleasure driving and it's not uncommon to see him out for an afternoon drive through the township, much to the delight of tourists.

He has many tales to tell of the horses and ponies he has driven and broken in over the years and is always happy to impart with his wealth of knowledge.

PERFORMANCE CLINIC: AMY COLLINS, HARDEN NSW

Amy has been a horse lover ever since she could walk, and her first show was at Bathurst Royal at the tender age of six!

As a teenager, Amy recalls taking on "paddock bums" and training them to a level where they excelled at both state and national level in both halter and performance and has continued to do this for the past decade. In recent years, Amy completed a judge's seminar based on the Arabian Horse Society directives and has judged Miniatures at numerous Ag Shows and performance events.

When not busy with the hum drum of life, Amy is raising and training her own young stock, coaching her children in all facets of performance, and training and showing horses for clients.
